Work Experience

Interaction Designer / *ChaiOne (Design Agency)*

Oct 2016 – Current

I lead design for different projects and collaborate closely with product managers, researchers, developers and clients. I deliver memorable products, whether it's a corporate website, software application, or concept design. I discover, understand, and communicate the business requirements of our clients. I conduct design workshops and reviews with internal teams and external stakeholders. I work on UX flows, high-fidelity prototypes, and visual polish. My clients have included ExxonMobile, Alula, NRG, ENGIE, and Siemens.

UX/UI Designer / *Style Puzzle (Startup)*

Apr 2015 – Aug 2015

I worked in collaboration with an engineer, product manager, and CEO, managing a wide variety of cross-media project involving UI, interaction flows, branding, and illustrations.

Instructor on Record / *University of Florida*

Jun 2014 – Apr 2015

I taught classes on the foundations of typography. Responsible for creating syllabus, lectures, and in-class workshops. Received a high tutor satisfaction rating from students.

Visual Designer / *Baidu*

Jun 2012 – Jun 2013

I worked with the in-house design team, assisting on tasks including UX and UI design, wireframes, prototyping, illustrations, and various other communication assets.
